About Us

Established in **2006**, **Space Cryogases Private Limited** is a reputed **manufacturer, supplier, exporter and trader** of a wide range of Industrial Gases, Cylinders and Regulators. Making use of superior quality raw materials and advanced technological setup, we offer a wide range of **Hydrocarbon Gases, Calibration Gases, Rare Gases, Imported Gases, Seamless Gas Cylinders, Refrigeration Gases, High Pressure Regulators, Cylinder Valves** and many more products. All these products are manufactured under the vigilance of expert professionals and they adhere to the international quality standards and norms.

Bagging a support of diligent **engineers, technicians, quality analysts and other professionals**, we have been able to serve varied demands of our clients, as per their preferences. We offer the best quality of products which are quality confirmed by our experts on the basis of their **robust construction, durability and dimensional accuracy**. Our entire team makes judicious use of the available resources like **Boilers, Heaters and other Special Purpose Machines, installed at our manufacturing unit**, to provide timely delivery of bulk consignments. They regularly scan the market to keep themselves updated with the latest dynamics and serve our clients with exact solutions.

Our firm has largely served the requirements of various industries like **pharmaceutical, chemical, petrochemical and engineering**. We have earned a leading position amongst the other players of the market, under the able guidance and proprietorship of **Mr. Prasanna Chaudhari**. His domain know-how and experience, has enabled our firm to perform ethical business practices, transparent dealings and easy payment modes for our clients, that satisfy them beyond their expectations, and helps us retain them for longer terms with us.

Why Choose Us Over Others?

We have marked a reputed existence amongst various players of the market on the basis of our qualitative approach towards product production and supply. All our clients choose us above other competitors because of the following reasons:

- ✱ Market Leading Prices
- ✱ Leading Business Position
- ✱ Qualitative Product Range
- ✱ Large Production Capacity
- ✱ Team of Expert professionals
- ✱ Timely delivery of consignments
- ✱ State-of-the-art production facility

Our Products

Argon Gas

Helium Gas

Chlorine Gas

Krypton Gas

Neon Gas

Lab Grade Gases

Gas Mixture

Natural Gas Mixture

Argon Methane Gas Mixture

Argon Hydrogen Gas Mixture

SF6 Gases

R134A Gases

Seamless Silane Gas

Silane Gas

Seamless Gas Cylinder

High Pressure Seamless Gas Cylinders

Single Stage Brass Pressure Regulator

Double Stage Stainless Steel Regulator
